

## Capability Statement

### Star Communication, Inc. Solution

Star Communication, Inc. (SCI) is a service-oriented business that provides a full range of technical and professional expertise to service its customers. SCI takes pride in assigning only qualified employees to provide IT solutions and services to its clients. SCI provides a full range of technical and professional expertise in a process-oriented environment. SCI is driven to excel in customer service. Professionalism and integrity, the ability to adapt, a high quality of work, diverse coverage of technology, and responsive to both clients and employees are the SCI attributes that generate client satisfaction.

### SCI Mission:

SCI is a company that is propelled by its vision to be a leader in the Information Technology market. SCI uses a highly effective team of professional personnel that will analyze your business needs and design a realistic cost-effective solution. SCI will plan, design, implement and manage Information Technology projects as we meet and exceed the client's needs.

### Capability Statement:

Our highly qualified IT consultants enable us to consistently meet and exceed the needs of our clients. SCI provides innovative solutions by using proven methods to achieve project results:

### Standards, Templates, Analysis, and Risk Management

(S.T.A.R.). STAR is SCI's lifecycle methodology that we have used to assist our customers in reducing the time to program completion, the number of undetected anomalies and defects, and the overall rework rate for major development projects. This provides significant savings in both lifecycle costs and overall productivity at reduced risk.

**Life Cycle Engineering Model.** SCI provides a standardized model for providing quality assurance throughout the engineering life cycle. This methodology includes the functions of analysis & requirements definition, design, development, integration, implementation, and maintenance & technical support.

**NAICS Codes:** 561621, 238210, 334220, 334310, 518210, 541511, 541519, 541618, 561110, 561210, 561611, 611420, 611610, 811219

**SAM UEI:** KJJ4KCV6MM81

**Cage Code:** 3GUE1

**GSA Schedule:** GS35F\_205DA

### Core Competencies:

#### System & Software Engineering

- Full Life Cycle software development
- COTS support
- Custom computer programming services
- Software/Hardware installation services
- Network installation/monitoring services
- Electronic and Precision Equipment Repair and Maintenance

#### Data Management

- Information Engineering/Architecture Development
- Data Administration/ Data Standardization
- Information Security

#### Physical Security

- Network & System Security
- PTZ Cameras
- Keypad Installation
- Security Command Center
- System Event Monitoring & Management

#### Professional Services

- Program/Project Management
- Administrative Support
- Graphics Art Support

#### Power Management Services

- Utilities management consulting services
- On/Off site monitoring services for power equipment
- SiteScan Monitoring for all power units
- Maintenance and preventive maintenance for power equipment

#### Audio and Visual (A/V) Services

- A/V Control for boardrooms and breakout spaces
- Hybrid video collaboration
- Management of conferencing suites
- LED video walls and projection

### Classification:

8(a) Certified

VA Certified Service-Disabled Veteran Owned Business

Certified Woman Owned Small Business

Minority Owned Small Business
